

**EVERY YEAR WE WORK HERE, WE GET MORE TO DO FOR LESS PAY!
VERSION I**

(To the tune of "My Bonnie Lies Over the Ocean")

1. There's 23% more new students,
And several new buildings to staff.
13 percent's not enough more of us
To get this done – don't make us laugh!
- CHORUS: Each year we work here,
They UP the workload and CUT the pay!
Each year we work here,
We get more to do for less pay!**
2. After two decades of staff cuts,
And workloads that'd make a mule sore,
They've gone on to cutting our paychecks --
Don't tell us they want to cut more!
3. OAs with big salaries got raises --
The best paid ones got 3 point 5.
Now let's do the same for the workers
Who make college campuses thrive!
4. They nickel and dime us for health care,
Then furlough days empty our pockets,
Delaying and skipping our COLAs
While the real cost of living skyrockets!
5. My grocery bill keeps on increasing.
So does driving or taking a bus.
And light, heat & water and housing –
The only thing cheaper is us!.
6. The U of O's getting top-heavy
With 28 percent more OAs.
They've upped all the management's paychecks,
While we're left behind with no raise!

Topical verse of the week:

7. OUS bravely tackles the issues.
They've gotten their facts wrong already.
Just hand Mr. Caufield some tissues,
'Cause we are prepared to stand steady!
