

**EVERY YEAR WE WORK HERE, WE GET MORE TO DO FOR LESS PAY!  
VERSION II**

*(To the tune of "My Bonnie Lies Over the Ocean")*

1. After two decades of staff cuts,  
And workloads that'd make a mule sore,  
They've gone on to cutting our paychecks --  
Don't tell us they want to cut more!

**CHORUS: Each year we work here,  
They UP the workload and CUT the pay!  
Each year we work here,  
We get more to do for less pay!**

2. OAs with big salaries got raises --  
The Prez gave them all 3 point 5.  
Now let's do the same for the workers  
Who make college campuses thrive!
3. They nickel and dime us for health care,  
Then furlough days empty our pockets,  
Delaying and skipping fair COLAs  
While the real cost of living skyrockets!
4. My grocery bill keeps on increasing.  
So does driving and taking the bus.  
And light, heat & water and housing --  
The only thing cheaper is us!
5. The U of O's getting top-heavy  
With 28 percent more OAs.  
They've upped all the management's paychecks,  
While we're left behind with no raise!
